Please Join Us and Donate to Our  
2016 Leadership Glendale Class Project Benefiting  
Family Promise Glendale Drop-In Center

Leadership Glendale invites you to participate in the 2016 class project benefiting Family Promise of the Verdugos. Family Promise of the Verdugos has recently been granted space in downtown Glendale to serve as a drop-in center for local situationally homeless families with children. The new center will provide homeless families the opportunity to work with Family Promise in identifying housing and employment through our case management program. It is located near the Glendale Police Department and the Glendale Unified School District offices, facilitating referrals and collaboration.

With the support of Leadership Glendale, this new Family Promise space will be able to provide situationally homeless parents a fully staffed office where they can polish resumes, practice interviewing skills, search for housing, and meet with case managers. Our goal is to accelerate the process by which homeless families return to sustainable and independent living in Glendale and neighboring communities.

Family Promise is a 501(c)(3) nonprofit organization. Please consider a tax-deductible donation in support of Leadership Glendale's 2016 Class Project. Please download our donation form from the Glendale Chamber of Commerce website and return with your payment. For any questions, please contact Taguhi Sogomonyan at [Tsoomonyan@glendalechamber.com](mailto:Tsoomonyan@glendalechamber.com) or 818.240.7870. Thank you for your consideration, we greatly appreciate it.

Sincerely,

Leadership Glendale, Class of 2016
